July 6th, 2026 @ 6:00 PM

Present: Mr. Hockenberry, Mr. Oney, Mr. Vicchiariello, Ms. Mazzara
Also present: Mr. Duryea, Mr. Addy

Public Comment: None

Public Hearing: None

Approval of the Minutes: None

New Business:

Mr. Duryea discussed the lead service project and construction, the water plant rehab project and noted that the S. Maple intersection now needs to be outsourced and completed by a contractor.

Mr. Addy informed the committee that the new mechanic lift has been delivered and will be installed soon.

The committee held a discussion on the relocation of the gas pumps and cost associated with the relocation.

Mr. Hockenberry requested that the DPW investigate and repair the crosswalks throughout the city and address the sink hole on Hammond Street.

Old Business -

Held EFC discussion and Mr. Duryea stated that the cost of the dump trucks will be funded through the chips program.
