Clerk's Report:

- A discussion was had regarding upgrading phone/internet services. Frontier representative met earlier in the month with department heads and toured our city facilities in order to provide a quote for phone and internet services. After evaluating our current situation they have presented us with a quote for services that is approximately a \$2000 monthly savings over our current services. They are offering a 5 year price lock guarantee with no contract. The committee approved moving forward with this and it will be presented at the council meeting on Monday, 3/24/2025, for a council vote. If approved installation/transition to this service should take approximately 60-90 days.
- A brief discussion was had about moving forward with a bond. This will be discussed in detail at a future date.

Old Business:

- RBT Update – An lengthy conversation was had that no progress has been made towards closing our 2023 books. This is hindering progress moving forward. We must complete 2023 to move forward with 2024 closure and both years need to be audited. After much discussion the committee has give the clerks office until the April 2025 finance meeting to close 2023.

Executive Session: None
