New Business:

Mr. Duryea started an initial conversation regarding forestry throughout the reservoir; DAM assessment should be completed by the end of the month.

Mr. Duryea provided the committee with an update on the Glass Street project.

The Assistant Director noted Orange Square should be completed in Spring.

The committee discussed crosswalks in tri-states, crosswalks throughout the city, and the new DPW building.

The director held a discussion on the EFC project.

The DRI Streetscape is slated to start in March and the directors stated the project would tie up 5 to 6 guys every day.

Old Business –

Mr. Duryea stated we are expected to receive 2 pick-up trucks and 1 dump truck next year.

The committee discussed the upcoming snowstorm.
