## Fire Alarm Permit Application

1. Two hard copies and one electronic (PDF) copy of stamped plans must be submitted for review.
2. The submittals shall be supplied for all jobs. One hard copy, one PDF form.
3. Proof of Insurance. One hard copy, one PDF form.
4. Preferred Construction Documents Size - Sheet "D" 24" X 36" (Fire Inspector may approve other sizes by request)
5. Sheets that are cut and pasted, taped, or that have been altered by any means (pen, pencil, marking pen, etc.) will not be accepted for plan check. Plans that are not legible may be rejected as unacceptable for plan review purposes.
6. All plans shall be stamped by a licensed Professional Engineer or a Registered Architect as required by the New York State Department of Education Law with current renewal dates and "wet" signatures.
7. If, due to the scope of the work proposed, the plans are not required to be stamped, the plans shall be drawn utilizing accepted engineering practices and procedures. All line work and lettering shall be clear and legible.
8. Plans shall be submitted by a company licensed by the State of New York as Per General Business Law Article 6D. Proof of a valid license is to be submitted with the application.
9. Accuracy of the submittal package, is the responsibility of the applicant. Failure to submit an accurate submittal package will be considered an incomplete application by the Plan Reviewer.
10. An incomplete submittal will result in a HOLD.
11. If work is found to have commenced without approved plans and/or a proper permit, this office reserves the right to shut down any/all portions of the entire project deemed necessary to inspect, investigate and confirm that work has been done.
12. When work for which a permit is required has been conducted without a permit or approval, a stop work is immediately posted and all permit fees immediately double upon application and plan review for an installation permit.
13. If any portion of the work performed is not clearly visible or readily accessible, you will be ordered to demolish, disassemble or remove any and all obstructions regardless of the cost incurred. Failure to comply will result in the suspension/revocation of any Building or other permits related to the site.
14. In addition, it is understood that the installation of systems shall be made only by persons properly trained and qualified to install the specific system being provided. The installer certifies to this authority that the installation is in complete agreement with the terms of the listing and manufacturer's instructions and/or approved design plan.
